

## **Delivery pumps**

Beinlich delivery pumps are nearly wear-free due to the use of high-performance materials like nitrided steel or spheroidal cast iron. Thus, the pumps not only have minimal maintenance requirements, but also a long service life. Additionally, a high volumetric efficiency partially allows an energy saving of over 30% which also offers cost saving potentials to the customer.

More information on delivery pumps can be found in our product catalogues. For detailed information and technical specifications, please contact our employees.
