

PEEK canister carbon fibre reinforced

- Material: PEEK, 30% carbon fibre reinforced
- Chemical resistance: good
- Pressure range: vacuum up to 232 psi (232 psi only at 68°F)
- Temperature range: -4°F up to +248°F
- Pressure and heat resistance: high expansion
- Advantages: no eddy currents, very solid

More information on the PEEK canisters can be found in our product catalogue. For detailed information and technical specifications, please contact our employees.
